

Your guide to Departing Worry-free

Enjoy your trip, knowing your home
is protected while you're away.

CHUBB®

TRAVEL, PROTECTED.

Before you leave on your next trip, make sure your home will be safe and secure. With the right coverage, you can enjoy your travels and come back to a home that looks just like you left it. At Chubb, we're dedicated to protecting our customers' homes while they're away.

Burglary

Nothing spoils a great vacation like finding out your home was broken into while you were away. Don't let criminals get into your home while you are traveling.

Chubb can help

Chubb personal insurance customers receive a discount on their homeowner's insurance premiums when they install a centrally monitored alarm to help prevent break-ins. If you choose ADT, you may also receive a Chubb customer discount on their services, by calling 1-800-808-9996.

ADT Custom Home Services help protect your home with personalized local service, fast alarm response and 24/7 monitoring against intrusion, fire, smoke, flooding, and high levels of carbon monoxide.

If you experience a burglary while you're away, you can count on Chubb's expert claim service to help you get your home back to normal, with the highest level of service available. If you would like more information, please refer to the Chubb Home Security and Water Defense Overview.

2.7x

Homes without a security system are 2.7 times more likely to be targeted by a burglar.¹

Water damage

When you're away from home, a burst pipe, leaking water heater or cracked dishwasher hose can cause tens of thousands of dollars in water damage and destroy irreplaceable personal items. Make sure you've installed the proper systems to detect and prevent damage from water leaks. Leaks can also be prevented by simply turning off the main water valve before you leave.

The right service can help

Chubb personal insurance customers receive a discount on their homeowner's insurance premiums when they install an automatic water leak detection and shut-off system.

If you choose H₂O Damage Defense Service, by Sentinel Hydrosolutions, you may also receive a Chubb customer discount on their services, by calling 1-855-422-3426.

Sentinel's state-of-the-art Leak Defense System[®] detects and shuts off leaking pipes or fixtures before water can cause damage.

If you experience water damage, rest assured that Chubb claim professionals will help you get the repairs done quickly, so you can get your home back to normal. If you would like more information, please refer to the Chubb Home Security and Water Defense Overview.

93%

About 93% of all water damage can be prevented.²

Accidents in or around your home

If you plan to travel for a longer duration, you may feel comfortable having friends or family, regular maintenance staff, or even a home-share in your house while you're gone. But what happens if one of them hurts themselves while on your property? Do you have enough liability insurance to cover a large judgment?

The right coverage can help

With Chubb's Masterpiece Excess Liability insurance, you can have the protection you need to cover damages for which you or someone in your household may be legally responsible. When the amount you must pay for a covered loss exceeds the limits of liability under your other insurance policies, your excess liability policy will be triggered to provide much higher limits.

Chubb offers among the broadest coverage available today, with limits ranging from \$1 million to \$50 million, in the event you are liable for someone (friends, staff, or a home-share) getting injured on your property.

21m

Unintentional injuries in the home result in an average of 21 million medical visits (and \$220 billion in medical costs) each year.³
